DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claims 2 and 3 cite "a cylindrical step formed on an inner surface of a region that lies along the leg portion of the decorative portion, and wherein the plain outer cover has a lens formed in a region that faces a gap between an inner surface of the plain outer cover". This phrase is indefinite because the "cylindrical step" and the "lens step" are recited to have no structural relationship that shows that they are essentially the same part. The specification (page 7) describes them as the same part labeled "24".

Conclusion

4. Claims 2 and 3 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**.

See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
